We recommend all teams to check in Friday evening due to limited staff the morning of the tournament to avoid long lines and waiting to check in. We will have a registration tent on site.

Documents needed at registration:

1. Team Registrations - A Copy of your Official Home Association Team Roster and copies of your Medical Releases.

2. Players forming a team, or playing with another team will need to provide proof of being on a current NTSSA/USYSA roster via a copy of their team roster and photo ID, or valid ID card from their home association, and a current Medical release.
3. Non NTSSA/USYSA players will need to complete the Special Event Application and provide a picture ID, or a printed picture, and a copy of their Birth Certificate.
4. FILLED OUT GAME ROSTERS for ALL TEAMS. At check-in you will need to present six (6) completed copies of the Game Roster with the coaches, manager, and all players listed in the same order as the roster. One game roster is needed for each possible game your team may play during the tournament. Number of games varies by age division. The game roster will be validated and signed off at the check-in. **Suggestion: Complete one and make the appropriate number of copies.** A form is available on our website: www.stormfc.net - The information on the form **Must** be filled out with your team name, opposing team name, field number, game number, gender, and age bracket.
5. Each coach will provide the center referee a copy of the game roster at the beginning of each game. At registration each team will be given score cards for each game. After each game, both teams Coach/manager will record the game score and yellow/red card information on these cards and have the referee and opposing team coach/manager initial each card. BOTH team's cards must be completely filled out with game information and turned into the scoring tent. Scores will not be recorded until BOTH team's cards are turned in. Failure to turn in your scorecard will result in a forfeit of that game for your team. If a correction must be made, the center referee must make the correction and initial the change.
